Amy,

It is my honor to offer you my endorsement for your campaign to be the next Seminole County School Board member, representing District 4. Your history as a community leader, a small business owner, and most importantly as a mom, positions you to be an ideal candidate for the very office that you are pursuing.

Over the past several months, I have watched you tirelessly get to know the Seminole County community on a more personal level. You have heard their praise for the school system, but your instinct as a mother of three girls in the school system tells you that more can, and should, be done. I have seen your dedication to family, community, and conservative values, in addition to your support for small businesses and nonprofits alike. You have offered your time, talent, and treasures to organizations that share those values.

As the Sheriff of Seminole County, I applaud you in making sure that school safety is part of your campaign, not because it is the political response expected, but that you truly believe in keeping your children, and all children of our county safer. As a father of children also in Seminole County schools, I believe that you bring the right set of skills and vision to the board, and that my sons will have a better educational experience because of that.

I wish you the best of luck as you further enter the role of public service and am proud to join you in your efforts for our children, and our county.

Sincerely,
